GLORY OUTREACH ASSEMBLY

Partnership Impact Newsletter

Our Vision

Fully mature disciples, compassionately pursuing the great commission, demonstrating Godly zeal and transformational leadership, bringing positive change globally

Our Mission Statement

To creatively respond to the great commission, by creating strong Christian fellowships, developing ethical leadership, caring for the vulnerable, mitigating conflict in our communities and improving the social-political-economic status of nations

Our 2024 Theme

The year of Open Doors Isaiah 60:11

Our Core Values

- Integrity/Uadilifu
- Stewardship/Uwakili
- Peace/Amani
- Compassion/Huruma
- Love/Upendo

Our Pillars

- Discipleship
- Compassion and Dignity
- Peace
- Stewardship and Integrity
- Mentorship

Dear friend and partner of GOA,

When the year 2023 was coming to close, the Lord spoke clearly to us and told us that he was ushering GOA into a season of open doors. A season that would see us hit milestones and achievements that have been difficult for us to reach. This became of theme for the year 2024, the year of Open Doors. Isaiah 60:11. IN deed the year 2024 has been exactly what The Lord spoke to us, the year of open doors. Your generous support and prayers have made God's work in GOA very enjoyable.

GOA discipleship teams have empowered regional Bishops throughout the year and equipped them to lead the GOA regions to prosperity. We have ordained eight GOA Bishops, giving them greater mandate to lead GOA regions to plant more churches and reach more communities with the Gospel. This has proven successful with close to 7 new churches having been planted in areas that thirsty for the Gospel. GOA teams launched the new entry into Kisii County this year with a presence of three churches that are rapidly growing. More people have received the Gospel. Accepted Jesus as their savior and are being disciplined to mature in their relationship with the Lord. Four of these communities will be celebrating the completion of new permanent worship sanctuaries built in partnership with our church development partners, International Cooperating ministries ICM. However there are still open opportunities for you to partner with our teams in reaching these communities with the Gospel. More than 10 more congregations still worship under trees trusting God for the gift of a worship sanctuary

GOA Compassion ministry is growing each and every day. Doors opened for more needy children to be rescued. Today both GOA homes and foster families are caring for 354 children. The children have a loving family that provides for their needs and care for them. All our children who are of school going age have been in school with their needs provided for. Thank you so much to our partners who have given their generous support to keep all these children comfortable. Our care givers are working around the clock to initiate and nurture projects that will help us feed the children on well balanced nutritious food. They have initiated vegetable farming, poultry farming and dairy farming which provide milk, vegetables and eggs for our children. We are moving towards doing better. We however, have to provide sparingly for these children since we do not have full sponsorships for all of them. Today we are in need of 327 child sponsorships that will enable us to give a bright future for the children. Would you sponsor a GOA child today?

GOA Leadership training teams have experienced greater open doors in the year. More than 200 leaders have been equipped with eight core values of effective leaders, Bible and Theological training and entrepreneurial skills. More than 15 African Nations have benefited from the Goa Leadership training opportunities. Leaders in these Nations are multiplying themselves and accelerating the spread of the Gospel of Jesus.

Our Bible and Theological training College in Tharaka Kenya however still remains in need of a chapel for the community and students. Many churches in Africa are led by Pastors who have not yet been trained. It is part of our top priorities that we shall get training to all these Pastors for them to lead their churches with a better understanding of God and their calling. Would you partners with GOA in taking the training to all the Pastors in the remote and marginalized areas?

This year came with very heavy response opportunities to the needs of the people. The heavy rains that hit the country this year left behind a trail of destructions. Floods swept away villages and devastated families. In one of the severe incidences in Maimahiu a whole village was swept away when heavy rains came down at night leading to massive losses of lives and property. The families were displaced and remained hopeless. Our Peace teams camped in Maimahiu operating from Beat The Drum Home to rescue and encourage these families through provision of relief food and other needs. Months after the floods tragedies across the country, many of these families are still struggling to piece their lives together. Please pray for them and consider a generous donation that can help one family return to their normal lives.

The GOA Mentorship teams are equipping the merging leaders within GOA communities. This year along we have had a total of 29 students graduate from their High Schools to join the 87 students in Post-secondary Education and mentorship. The financial need for this class of students is very heavy. It however Gives us joy to see the students grow in their careers paths and finally become self-reliant as adults. We pray for your support to GOA mentorship to care for all these students. GOA Sports ministry on the other hand has been vibrant amidst an array of challenges. GOA has pioneered the introduction of Floorball in Kenya. The sport has grown so fast and the Kenya Teams hold the world titles currently. However, the Kenyan Government has been adamant supporting the sport. In the just concluded African Championships Kenyan Teams have performed so well to win the title for the ladies while men emerged second with no government support. We invite you to partner with GOA to grow the GOA Sports evangelism and help us reach more young people with Gospel.

Comparing the first with months of 2024 and the 2023, our financial resources have shown growth. During the first eight months of year 2024 we received a total Income of Kshs 122,648,837 which is a slight increase from an equivalent period in year 2023 whose amount was Kshs 121,415,493. Praise the Lord. These resources have translated to happy families and communities in Africa. Thank you for your generous giving.

As we draw to the close of the year, the GOA Leadership Summit for the year 2024 will be in Naivasha Kenya from the 2nd to the 5th of December. We shall be bringing together GOA Leadership teams from all over Africa for Thanks giving for the open doors as well as listen to God's direction for the year 2025. Many of the GOA leaders who travel from long distances to come to the summit are not able to support themselves financially. I will be sharing with you the open opportunities for you to sponsor a leader to the Summit be equipped. This will be our third leadership mentorship summit that seeks to help GOA Leadership teams equip leaders for GOA vision 2055.

The opportunities for partnership with GOA in 2025 are already open and many partners and friends of GOA are booking their mission dates for 2025. Please let us know what time of the New Year 2025 will be most appropriate for you to visit either individually or with your team and our teams will be ready to receive you.

The doors of my visit to the United States are open. I will be visit three States during my one month visit that start on 20th September to 20th October 2024. During my one month visit I will be visiting three States, Atlanta, Florida and Oregon. If you would like to meet or introduce me to people in any of these states, please let me know.

Our Teams have prepared these and many other impact stories of the Open doors Season for you to read enjoy and also share with your friends as well as open opportunities of

Bs. David Mungiri Thagana

Discipleship

GOA Discipleship teams have been out pursuing the Great commission, reaching out to the communities with the Gospel. Many people have given their lives to Christ while the GOA congregations are growing both numerically and spiritually. During the month of July our church development partners funded project were in good progress. Three congregations will celebrate the gift of a permanent church soon once the building projects are done. Among our major milestones achieved during the month of July are the reports of success that we have put together in this report.

Rev. Fred Okwomi, Director GOA Discipleship

Empowerment of GOA Regional Teams

The month of July saw our teams empower the GOA Kinangop regional leadership through the ordination of Bishop Stephen Kimiti. With ordination of Bishop Kimiti the region is now empowered to raise resources for the work of ministry and carry out every other function that is a reserve of the office of the Bishop. Bishop Kimiti was the sixth to be ordained this year after the first five Bishops were ordained.

ICM PROJECTS PROGRESS

GOA Ondati (Right) and GOA Kibukwo (Left) are two of the projects that have completed phase 1 of construction

Through the partnership of ICM partners, three projects progressed successfully to the completion of the first phase. The three projects, GOA Siro and Ondati in Migori and GOA Kibukwo in Nandi were all completed successfully. Reports for the same projects have been done successfully as we look

forward to the next wires for the projects to go to the next phases. Reports for 21 ICM projects was also done successfully. The churches are all in good progress. Some however have challenges that we are working together with the Local churches in order to help them grow back to their feet.

REVIVAL OF GOA BUNGOMA REGION

In the month of June GOA Discipleship team actioned the change of leadership in the region of Bungoma. Bishop Christopher Odhiambo of Western Region in Busia was tasked with mentoring the leadership team of Bungoma region to help them grow back to their feet. In the month of July the Team of Pastors held their second Pastors Fellowship in Webuye. Pastors from the region attended the Pastors Fellowship as a result of the change in the leadership the churches have reported a new wave of revival and growth.

Prayer for help for Kisima Church in Samburu

GOA Kisima church as led by Pastor Jackson Leshakwet fellowshiped in a rented premise before being locked out of the business premises. The church has struggled for months meeting under tree in Kisima town before the initiative of building the church began. The semi-permanent worship sanctuary is in progress amidst struggles to raise funds to complete the building. With a gift of Kes. 1500 you can be a blessing to GOA Kisima by buying one iron sheet to roof the remaining gap.

PRIORITIES FOR THE MONTH OF AUGUST

- 1) During the month of August our teams are keen on achieving the top priorities. These include:- Keeping the Spirit of reaching the community with the Gospel through different strategies, these include Open air crusades person to person evangelism among many others.
- 2) We shall also be holding the GOA Children conference in Nairobi that will host all the other GOA teams of Children. We look forward to hosting GOA children at the head quarter church in Nairobi
- 3) The ordination of Bishop Kamau Magi will be held on the 24th August at Wanjohi in Kipipiri

Thank you so much

We are grateful that through your prayers and support our teams have been able to keep moving and impacting the communities with the Gospel of Jesus.

Compassion & Dignity

In the month of July the GOA Compassion and dignity teams were privileged to be the hands and feet of Jesus as they have cared for 354 children in our homes and foster programme. In return our children have had access to a loving family as well as care givers who love them and are committed to service. Despite the difficult times of demonstrations that affected most parts of our country we were all preserved.

Esther Muchiri, Director GOA Compassion and Dignity

Education

Kenya is committed to becoming a newly industrialized nation by 2030 and acknowledges that quality education is vital to achieving this vision.

We acknowledge this fact and we envision our children taking part in the vision, we therefore ensured that all our children were in school in the month of July, they have been dedicated and committed to their studies. Through partnership with

others we were able to meet the needs as they came.

Child Welfare

We have adapted provision of balanced meals, regular exercise, and access to quality healthcare as our best option in remaining in good health.

Farming in our homes.

Different homes were able to utilize the good weather conditions experienced in the month of July, they were able to continue taking care of the crops like kales, cabbages, onions, tomatoes, peas and spinach.

COMPASSION MINISTRY NEEDS A MINISTRY CAR

The job of the compassion director requires routine travels to different homes and projects to ensure that quality and laid down regulations are followed and achieved. In the past few months this routine has been negatively affected by continued break down of the current vehicle that I have used for the last 18 years .My appeal to my friends and partners is to help me raise Ksh 2million for a new car, this way I

will be able to serve with ease and achieve the department goals even as our children thrive.

EXIT FROM THE HOME

It is with a heavy heart that we share the news that two of our children, both from Tumaini children home decided to pursue a different path in life away from what we have been offering them, the two are Joseph Gitau and Dorcas Chebet. Joseph decided not to continue with his trade school, while Dorcas decided not to continue with her high school and got married. Unfortunately , despite our efforts to provide them with guidance and counselling they have decided to exit.

We highly appreciate the support we have received over the years towards the welfare of these two.

Thank you so much

We highly appreciate all the support received with regards to the compassion department. We invite all of us to continue praying for preservation of our children. We continue to thank God for the kids that were added to the department in this month. We invite any and all support towards a compassion car.

In the past few months Kenya experienced heavy floods. The floods negatively affected some of our homes. Strong tower had their out door washrooms flooded to a point of being inhabitable. We are currently constructing a new outdoor washrooms which we envision to be completed mid August, 2024. We wish to appreciate the support received from Switzerland towards the building of these facilities. At Beat the drum we had water running through the dinning hall during the floods, we have since rectified the situation through support received as flood support. Thank you very much

Renewal of home registration

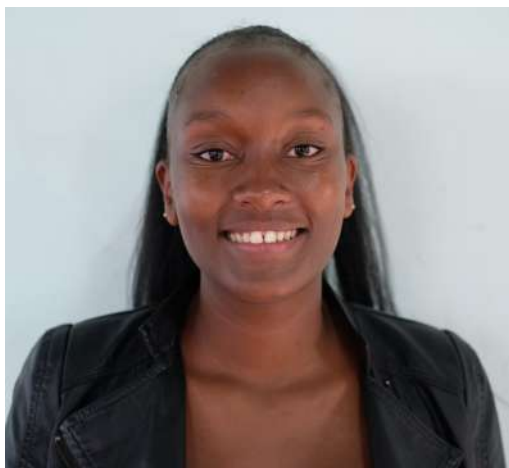

During the month of July we prepared documents as required by law for have renewal of registration for Rehema and Tumaini children home. Kenyan laws stated that renewal be done after every three years which is now due. We worked with Simon Ndirangu on the Rehema issue as we consider him as a social worker to the home. We already have had the children officers visit Rehema home, we are hopeful that the process will be concluded successfully

Conclusion.

I would like to register my appreciation to all the generous donation both international and locally, we were able to provide food, cloth, education, medical care to all our children. Your donation has already made a huge impact. Together the less fortunate continue to thrive through the institution that GOA has established.

Peace

The month of July posed a very challenging experience to the Nation of Kenya. Young protestors poured out into the streets across the Nation in protest of the National Finance Bill that had been passed by the country's National Assembly. The protestors were met by the brutal force of Government agencies that shot and cut short the lives of many of these young people. Many families were left in deep pain as a result of these losses. However this has given GOA Team an opportunity to part of the Multi Sectoral Forum that is spearheading the formation of the National Policies going into the Future and speaking into the leadership of the Nation.

Please keep praying for our teams as well as Kenya. *Grace Kariuki, Director GOA Peace*

UNDERSTANDING LGBTQ FORUM

Many young people have been misled on the basic understanding of LGBTQ and related issues. Our teams sought to help the young generation iron out the grey areas and handle the issues with understanding. To help on this topic the forum held on the 16th day of July gave us the platform to address these issues with the help of the professionals from Kenya Christian Professionals Fellowship (KCPF) led by Dr. Ngare. The delegates that attended the forum left empowered with the right information on how to handle these cases in the community.

Thank you so much

Our peace teams take this opportunity to send gratitude to the friends and partners that have continually made our work of reaching communities with the Gospel very possible. Through the initiatives of the GOA Peace teams we continue to realize harmonious communities in which conflicts are solved in a manner that Glorifies God. Thank you so much.

Mental Health

Mental Health Initiatives

The month of July is over, and God has guided us through our objectives this month. This month was characterized with a restoration of calmness in the country as the protests slowed down but also warranted for us to be proactive in our various areas so as to fill the gaps we're skilled at in the society. Guided by our strategic goals, we worked towards achieving them through activities such as capacity building ,counselling ,and utilizing social media to educate the masses .

characterized with a restoration of calmness in the country as the protests slowed down but also warranted for us to be proactive in our various areas so as to fill the gaps we're skilled at in the society. Guided by our strategic goals, we worked towards achieving them through activities such as capacity building ,counselling ,and utilizing social media to educate the masses .

Brian Macharia's Treatment

Brian is one of children brought up at Kieni children's home. Brian finished his Primary school Education and joined GOA High School but did not finish his High School Education. He went away into the streets and became a victim of Drugs. Goa Peace Team together with friends and partners of GOA rescued Brian and took him for treatment at Holy Innocents BPSS where he made good recovery progress. We therefore reunited Brian with his family as we look forward for his after-treatment check-up and reformed life.

Holy Innocents BPSS where he made good recovery progress. We therefore reunited Brian with his family as we look forward for his after-treatment check-up and reformed life.

Thank you so much

Sincere gratitude to Bishop David, colleagues at the Head Office, partners, donors, the GOA fraternity and everyone individuals that helps us achieve our goals by offering a helping hand and opportunities to serve. Together we serve many more and effectively

Stewardship & Integrity

Glory Outreach Assembly (G.O.A) recognizes the importance of training and developing leaders to nurture equitable, just and peaceful communities. Just like Christ calls us to discipleship, GOA works with members to train leaders especially among youthful congregants who will take up the leadership mantle and sustain the future God-fearing and loving communities. In this development pillar of stewardship, we aim at producing leaders who are spiritual in nature, servant in service and transformational in results as they discover, develop and deploy their gifts to help fulfil the great commission.

Rev. Phylis Githaiga—Director GOA Stewardship and Integrity Pillar

History Makers Leadership training

Our teams had the goal to train at least 300 leaders through ILI/HM in the English/ Swahili Africa Region. 375 Leaders were trained this month through ILI Program in five different nations, Kenya, Burundi, Zanzibar South Africa and Zambia

THEOLOGICAL TRAINING AND BIBLE READING CLASSES

May class begun on Monday 20th afternoon at 2pm as usual. The class had 27 students a few were absent with apology. They did Christian leadership course with the facilitator being John Nyaga. After the completion students were given exams as an assignment to do it while at home and bring it for marking in the

next class which will start from 15th of July. The CBR class at the same venue had 9 students diligently following the course and gaining the discipline of reading God's word daily. In GOA Murera, CBR class continues every first Sunday of the month from 2-6p.m.

Syllabus coverage in all our schools is being achieved in good time. Each of the class participated in an academic trip. Form one and two went to Nairobi National Park and Kenya National Museum. Learning area included many subjects; Geography, History, Biology, Chemistry and Business studies, the students gained greatly.

Form three and four students participated in a trip to Nakuru Agriculture show and Trade Fair .They learned a great deal on agricultural machinery, animal and plant production and health. They visited KRA to learn about taxes and public finance, Co-Op Bank for banking and also visited several production processes rich in Business Studies topics. In the Kenya Bureau of Statistics they learnt about population in Geography among other areas.

Symbiosis relationship, a biological aspect can never be learnt better than in the Nairobi National park, between the rhino and the bird.

Schools in the Unreached communities

The month of July had been busy with ball games competition. One of our pupils was selected and represented the school in football from the zone to the county i.e. Jarred Eloiloi grade 6.

Our teachers have been committed on duty enabling the month to go smoothly. The ECDE at Kaapokor is picking up due to our assistance in terms of feeding .

The school was closed on 1.8.2024 and the enrolment on closure at GOA NABWELPUS was at 79 at the end of July .

At Nkirashi school the school was able to put up some temporary staff houses through fund raising.GOA helped in putting up a temporary kitchen. They were cooking from outside

Left: Nabwelpus temporary staff houses Right: current temporary kitchen

Thank you so much

The food we received from the sponsor in the beginning of the term and what we received from the DEO's store made it possible for grades 4_6 pupils to sleep at school which helped the teachers to push up the syllabus. Some food remained and will be used in the beginning of term three .

Mentorship

Sports Ministry

GOA creatively responds to the great commission through sports such as Football, Rollball, volleyball, athletics and floorball. We thank God for the many open doors in the sports ministry even as our teams continued participating in various events and league games

Kenya Floorball Sport is in need

In the year 2015, a team of 11 Swiss coaches travelled to Kenya to introduce floorball. This was through a partnership with floorball4all International through the connection of GOA Switzerland

We are forever grateful for this sport that has impacted thousands of youths in Africa. The sport has helped us transverse Kenya with the good news of Christ with teams in slums, churches, children homes, communities and even schools. We have over 100 teams in Kenya. We have also gone overboard to other African Nations including Tanzania, Burundi, Malawi and Uganda. It has also opened International doors for our youths and leaders in other nations of the world.

There is an active league in Kenya and a national team with our sports coordinator leading the officially registered federation in Kenya. Kenya has since participated in the 2nd and 3rd African cup and has won the bid to host the 4th African cup from 13th to 15th September 2024.

We invite you to support this vibrant team that won the 2nd African cup. The target is 10 nations with 6 nations having confirmed their participation. A proposal with more details is also available with a total budget of Ksh 5 Million

Thank you

We are grateful to the ministry partners that have kept the teams reaching young people through sports evangelism and other activities many individuals' lives are being touched and being transformed by the power of the Gospel of Jesus Christ. There are more opportunities of partnership in the GOA Sports ministry for you to grab.

Youth Mentorship

Post Secondary mentorship

We begin by expressing our deepest gratitude to our partners for their continued support. Your generous contributions have provided school fees, monthly upkeep, laptops, house rent, and other learning materials for 87 students currently enrolled in various colleges. This support is instrumental in equipping these young individuals to change the course of history, regardless of their backgrounds. We are preparing to support 29 students joining college in the September and January intakes. To support one student is only \$250 per month, covering monthly upkeep and school fees. Contributions of learning materials such as laptops are also welcomed.

Training for the youth

We brought together more than 50 students and young people from our churches to educate them on how to respond appropriately to LGBTQ issues as a Christian family. This training is significant for young people, helping them navigate contemporary challenges from a Christian perspective. Our expectations are that as we churn this breed of young people into institutions of Higher education their influence will be felt among the rest of the youthful population and be agents of positive change.

Thank you

We sincerely appreciate your continuous cooperation and assistance. The compassion, mercy, and charity of God are extended to our community via your gifts. We appreciate your cooperation in enabling us to raise and empower the future generation. Thank you so much.

Partnership & Collaboration

VOLUNTEER OPPORTUNITIES

GOA Administration department envisions Godly stewardship, accountability management and oversight. The volunteer program falls in this department. GOA volunteer program aims at creating volunteer opportunities for people to utilize their gifts and skills to glorify God and impact lives.

LOVE FOR RHEMA

The children at Rhema home have been praying for the blessing of a car that would help them go to school and church with ease. This year this prayer was answered. Through the generous giving of our friends and partners from GOA Switzerland Rhema home was gifted a new van that carries all the children to school, church and whenever they need to travel. We are grateful our volunteer team that made this possible.

Besides the gift of the ministry van for Rhema home, we have been able to achieve so much more through the efforts of our volunteers through out the year. Part of our praise report for the year include the following.

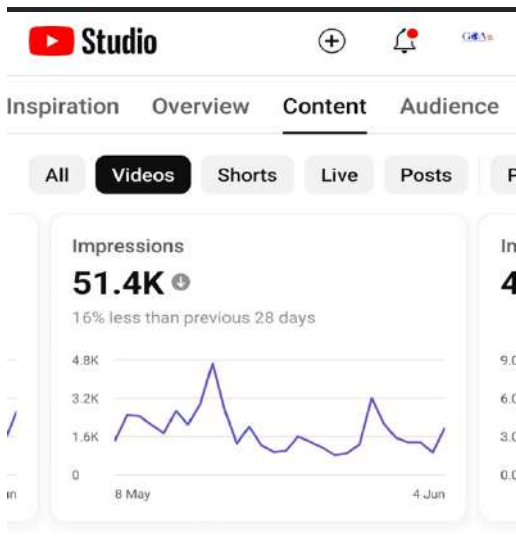

1. Beautification of our homes and improved sanitization of the home such as modern toilets, outside seats for basking among others have been built for our children and care giver in the homes.
2. Through our partnership we have also received a group of intern teacher from Switzerland at GOA education Centre. They were of great benefit in the school by teaching extra curriculum activities such as taking the children for swimming, school trip which not only exposed our students but also improved their skills. Together wit the students and the teachers at the school, The team did intensive tree planting leaving the environment smiling with the hope of clean air purified by the trees. Our partners also came as a group of ten who are either our long time partners or staff who work for Goa Switzerland .Through their trip our partnership has grown greatly. Our children have enjoyed time with them for cross cultural learning such as preparing specials meals together which have built friendships and enhanced the existing ones.
3. This year we have hosted a close to seven students from Universities on Internship. They have served the ministry both at the Head Office as well as other GOA ministry projects. Their footprints will remain a reminder of the impact they have left among our teams

Thank you so much to our friends and partners who have faithfully sent the teams to serve in different GOA projects. Thank you so much as we move towards the end of the year their still remain open opportunities for you for to volunteer and serve together with our teams. We pray for blessings upon you.

Media & Communication

The month of May, has been heavily invested in making awareness of mental health and mobilizing funds for the victims of floods experienced in different parts of Kenya. Resulting to the content uploaded on our social media platforms, families can now afford meals, shelter, smiles and most importantly an encounter with the Lord. Our major mobilization success stories have come from the victims of the Mai Mahiu flood tragedy, our children homes, the members of Natole village in Turkana among other members of our community that have been supported to piece their lives together.

Our Online presence breakthrough

Through these efforts our social media platforms have been growing with a higher rate compared to other months. @Bishop David Munyiri Thagana YouTube channel (1,640 total subscribers), 296 watch hours and 62 more subscribers in the month of May alone. Many of our teams online have been very instrumental in helping us reach a wider community as we mobilize for resources for the needs of the communities in Kenya.

Partner with us in the opportunities that are open

GOA media team is looking forward to actualizing the dream of starting GOA Production studio for our content and as well as GOA TV for a wide reach as we are guided by GOA Vision of making fully mature disciples of Christ (Mathew 28: 19-20). You're welcome to support GOA media team in realizing this milestone.

Leadership & Admin

Grace Mbugua

Chief Finance Officer

Our calendar year **2024** began on a high note with a lot of expectations as we head to completion of our first five years of our strategic plan. Compared to the first eight months of year **2023**, the ministry's income increased by **1.01%** to rise from 121,415,493 to 122,648,837 during the same period in **2024**. This is mainly attributed to funding of some projects that have been pending in our budget for quite some time and also positive response by friends and partners as a result of emerging needs like floods. We are all time grateful to our partners that have supported us this far

Ministry activities funding

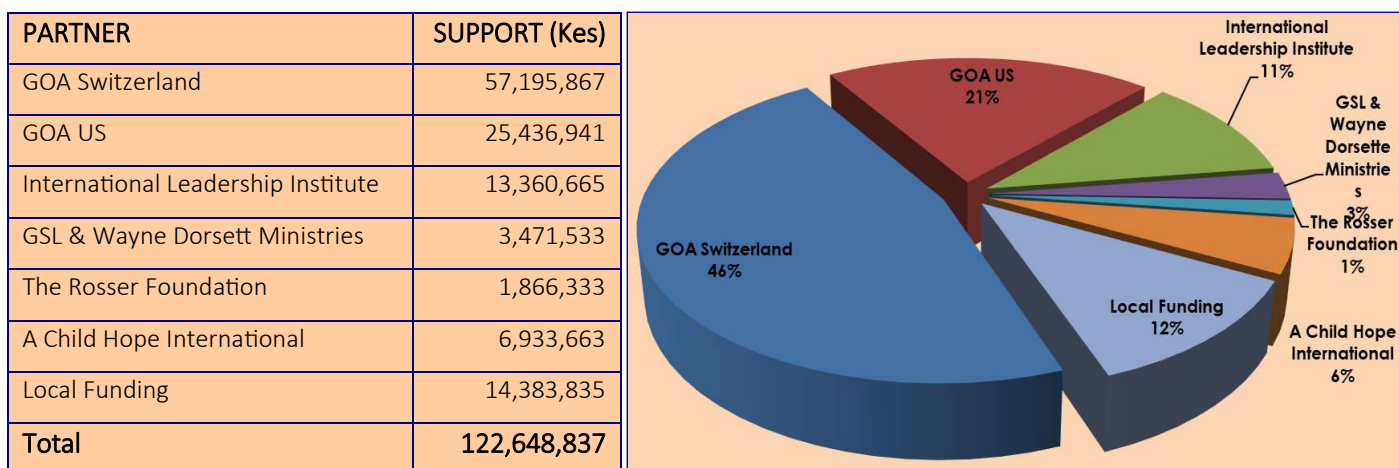

During the period, we received funds for various projects in the various pillars of the ministry. As a result compassion received the highest at the rate of **42.8%**, Stewardship & Integrity at **20.9%**, Governance and Leadership at **13.3%**, , Mentorship at **9.5%**, Discipleship at **7.9%**, Financial Stability & Sustainability at **5.2%**, , and Peace at **0.3%**.

Summary of the income for the ministry over the month of July 2024

During the period, many partners and friends came on board to support the projects in the ministry. We are grateful for all those who have walked with us to build the Kingdom of God. We trust in God to open more doors of funding opportunities in order to meet our current budget before the year ends.

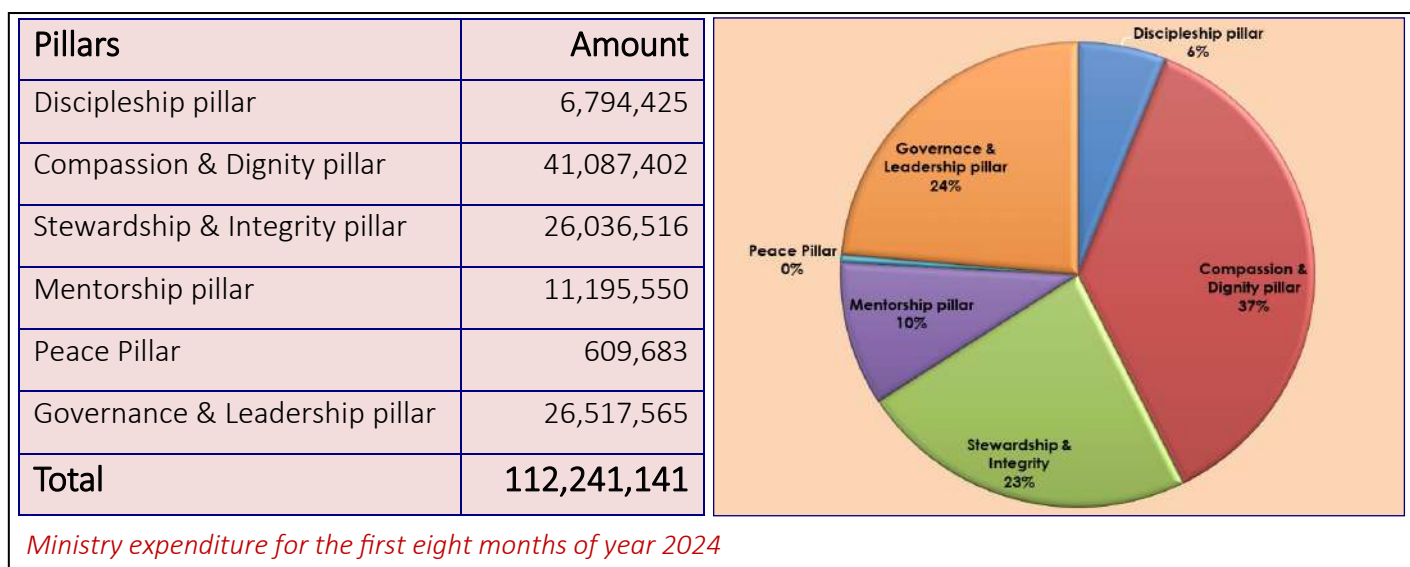

Sources of income

GOA Ministry sources of income for the open doors season 2024

Ministry Expenditure

During the period all the departments were involved with various activities that impact the ministry. GOA ministry receives most of its funds with designations. As a result in most cases our expenses grow almost the same rate with our income. Below is a tabulation of our operating expenses in various pillars during the period

Ministry expenditure for the first eight months of year 2024

Thank you so much

Each of the GOA Ministry expenditures, reflects the lives of individuals and communities that have been transformed. Resulting from the support that GOA ministry has received from our partners, communities in Africa are celebrating transformation and have a hope for a better tomorrow. Orphaned children have a home and a loving family, Unreached people have been reached with the Gospel, Leaders have been equipped for the acceleration of the Gospel and all these different groups are peacefully co existing for the sake of the Gospel. We are grateful to the partners and friends of GOA who have kept the vision running through their generous donations

GOA MINISTRY PENDING PRIORITIES

GOA Teams have achieved so much for the kingdom in the first eight months of the year 2024. Communities and individuals alike are celebrating as a result of impact of the Kingdom partnership. However there still remains so much to be achieved that GPOA Teams invite you to partner with us in achieving for even greater impact in Africa

Sustainability and Stability

Breakthrough for Githabai Farm

The past five years at GOA Githabai Farm have been a journey marked by both achievements and challenges. Despite our best efforts to ensure effective farming operations, the lack of a consistent water supply has been a persistent obstacle. Our mission to sustain the Children’s Homes through farming, while also generating revenue from surplus production, was frequently constrained by this limitation. However, 2024 marks a turning point for Githabai Farm. Through the incredible support of A Child’s Hope International, a critical door has been opened—one that promises to significantly transform not only our farming operations but also the broader community. We have drilled a new borehole installed with sufficient Power supply from the Solar.

The provision of water through this borehole marks the beginning of a new chapter for Githabai Farm. For the first time, we have access to a reliable water source that will allow us to scale up our agricultural activities. Our

immediate objective is to increase food production to ensure the self-sufficiency of our Children’s Homes, where the farm’s primary output is directed. However, with increased production, we also anticipate a surplus that will be sold commercially to generate revenue, creating a financial base to support our other operational and developmental needs. In the meantime we look forward to install a drip irrigation system on two acres of Githabai farm estimated to cost us close to Kes. 400,000 as part of the farms irrigation strategy. Moreover, a future diversification plan for Githabai farm will include a Sheep farming project that will cost an estimated Kes. 500,000. This will not only be achievement of the diversification but also a response to the growing demand of mutton in the market. We are deeply grateful for the Githabai transformation courtesy of A child Hope International. We believe that this is only the beginning of the partnership that will bear the fruit of transformation for more communities in Kenya and the rest of African population.

GOA SACCO

GOA SACCO core vision is to empower members economically through saving and from the common pool of savings, they can access credit facilities. It targets members of GOA churches and is open to the public. It is easier when people are empowered through accountability of their financial resources. We continue to seek to grow in a more robust way while making sure our members grow economically and achieve their goals through GOA Sacco.

SACCO GROWTH TREND FOR THE YEAR 2024

GOA SACCO teams are helping grow the discipline of saving among the members and in turn investing in income generating project for further returns and financial freedom. A total of Kes. 1.704 has been saved by the Members during the first eight months of the year. From these resources pulled together members have pulled together, many have accessed credit facilities, and started enterprises that are supporting their

families and churches. One very encouraging Story is of the Wendani Widows group, a group of widows that came together a few years ago to empower each other to economic freedom. Through the Generous donations of the Partners of GOA the widows have a dairy cow each. The group has now joined SACCO and are saving all their extra income from the sale of their milk as they target other projects that are ahead for them.

To better the experience of Our customers GOA SACCO has heavily invested in digital strategy that aims at taking the daily interaction of the SACCO to the members. Upon the upgrade of the current SACCO system, the members will be able to access their accounts at their palms.

Our Top Priorities

1. One of our major priorities is the system upgrade software hardware for the GOA SACCO to help in accounting and communication. This will improve efficiency and ensure our members can interact with their accounts in real time.
2. Economic literacy seminars and trainings. To ensure that more people have a good grasp of finances and its literacy, we plan to have seminars to ensure that we achieve this.
