IMPACT REPORT AND NEEDS

GLORY OUTREACH ASSEMBLY

Our **VISION**

Fully mature disciples, compassionately pursuing the great commission, demonstrating Godly zeal and transformational leadership, bringing positive change globally

Our Mission **STATEMENT**

To creatively respond to the great commission, by creating strong Christian fellowships, developing ethical leadership, caring for the vulnerable, mitigating conflict in our communities and improving the social-political-economic status of nations

GOA teams have embarked on pursuing the GOA vision 2055 with a greater and more intense focus on mentoring the next generation of leaders. As part of this mentorship, GOA regional teams, for the first time held their regional conferences giving more leaders in the GOA churches an opportunity to serve and exercise their gifts. GOA churches are also taking a leadership role in caring for the vulnerable and needy orphans, widows and families in their communities. This will help GOA comply with the New child care reforms in Kenya that seek to end charitable children homes by 2032 and instead integrate children in the communities to be cared for by families and members of the communities. However many of the families that are receiving these children are equally or needy or worse. GOA has in response to this need launched community empowerment initiative that will equip a family or a GOA church with a project to help them generate income to care for more orphans. This an open opportunity for kingdom partnership that will leave lasting impact in the lives of these communities. Partner with to sponsor a GOA church or a family with a project to care for more needy orphans.

Editorial team

Dear friend and partner,

Through your prayer, financial support and encouragement GOA is creatively responding to the great commission, reaching out to the people of Africa with the Gospel of peace and love. Many people who never knew the love of God now know him, Love him and worship him with gladness in their hearts. The devastating effects of Covid 19 pandemic worsened by the tough economic times, high inflation rates and the high cost of living have made life for many unbearable. However, through all this with your help, GOA teams have helped many families e to keep their hope alive. Praise God. Though many still feel the tough times and sometimes want to give up we encourage them that there is better future for them and that still God has a good plan for them. Jeremiah 29:10

GOA fiscal year 2022/2023 ended on March 31st 2023. We witnessed God answering the prayers that many communities had prayed for years. Our children in Tumaini had fasted and prayed for a school bus for many years, their prayers were answered through the generous donation of our friends who helped us buy a new bus for the school and now the population of the school has doubled up, less than a year since the bus was bought. Our children in Kieni home had prayed and fasted for provision of water. This prayer too was answered through a generous donation that has enabled us drill a borehole at Kieni and the children now have water for their farm and domestic uses. Many GOA congregation in remote areas had prayed for the gift of a permanent worship sanctuary. They put up with the rains and the hot sun for long as they prayed and fasted. Nine communities were blessed to have their permanent sanctuaries built and dedicated for their worship service in the year. GOA Peace teams spearheaded Civic education and peace campaigns ahead of the Kenya General elections which were held peacefully leading to GOA being an accredited civic education provider in the Nation. Leaders have been equipped to accelerate the spread of the Gospel around Africa, resulting in more churches being planted and more leaders and pursuing their god given purposes and many people coming to the knowledge of Jesus Christ. Thank you so much for supporting GOA teams in our last year.

GOA began this new financial year on 1st of April 2023. Our teams are motivated and looking forward to greater impact. The milestones that we were not able to achieve last year have formed our top priorities in this New Year. The first half of this current year ended on 30th September. Through the power of Kingdom partnerships, your support has enabled us realize 27% of our current year projected budget. With this support More people have heard the gospel and given their lives to Jesus and have are being discipled, orphans have been cared for more leaders have been equipped and mentored for the kingdom and more strong families and communities are being raised for the Kingdom. Hallelujah. With more support the impact to the Nations will be greater.

The GOA Leadership mentorship summit for this year will be held in Nairobi from December 4th -7th 2023. During this summit we'll be preparing the next generation of GOA leaders for the leadership roles in the vision of making mature disciples. The first summit in December 2022 was successful. Many young leaders who attended the Summit went back home motivated and have exhibited greater zeal for the work of ministry that GOA teams are called to pursue. Many leaders however did not make it to come to the conference due to financial constraints. With a gift of USD 90 you can sponsor a leader from unreached areas to attend the summit and be empowered more for ministry.

During my May 2023 visit to the US, which lasted only two weeks God began new connections with new partners and strengthened our existing partnership. Coming from the trip more Kingdom assignments have been accomplished, praise God. During this October November trip, I am blessed to come along with wife Joyce, who has not been in the states for some time. So far we have experienced generosity from our friends, some have paid for our flights, offered to host us, created ministry opportunities for us to serve, move us from one point to the other. We are extremely thankful and excited to see you again.

GOA has more opportunities for you to make a lasting kingdom impact in the lives of the people in Africa. My team has put together these opportunities in this newsletter, Please take some time to read and see where you can get involved to the glory of God. Blessings

GOA discipleship teams creatively respond to the great commission reaching communities with the Gospel of Jesus. Over the past 32 years GOA teams use Church planting, sports, compassion ministry and other strategies that relate to the needs of communities to reach evangelize communities and grow mature disciples among communities. In the year 2022 we celebrated more than 5000 new believers accept Jesus as their savior. Our teams dedicated 9 Newly build permanent worship sanctuaries and more than 15 new fellowships and churches planted in new areas where the members of the community had no church closer to their residences. Some of the newly planted congregations among the unreached people groups meet under trees for worship as they trust God for a worship sanctuary.

GOA Teams reached Nations with the Gospel and impacted communities through your support and prayer, thank you so much

GOA Teams have achieved so much for the Kingdom through your prayers, financial support and encouragement, Thank you so much

Over the first quarter of the GOA 2023/2024 financial year. GOA teams have engaged with communities with the Gospel of Jesus. More people have given accepted Jesus as their savior, more new churches and fellowships have been planted, more churches are under construction waiting to be dedicated before the end of the year for more communities to have a decent worship sanctuary for their worship service. However close to 20 GOA congregations still worship under trees praying for the miracle of a worship sanctuary for them. Would you partner with GOA to give one of these congregations the gift of a worship sanctuary? 1250 members of GOA churches have had the opportunity to meet and fellowship during the 2023 Regional Family conferences that for the first time were at the GOA regions.

COMPASSION & DIGNITY

GOA Compassion Teams care for orphaned and vulnerable members of our communities with the aim of giving them dignity and better living conditions. We provide them with food, clothes, loving home Spiritual nourishment and Education. Today in our children home we are caring for 352 children . Some of these children are living with HIV/AIDS and our compassion teams help them live healthy lives and pursue their life goals. Through your partnership and support GOA compassion ministry has been successful. Praise God.

GOA has cared for children through Charitable children homes. In 2022, the Government of Kenya launched the NATIONAL CARE REFORM STRATEGY FOR CHILDREN IN KENYA 2022—2032 that aim at re-integrating the children back to the society and provide care for them within families. Already 27 children have been attached to families that are caring for them. Many of these families however, face rough times providing for themselves and for the extra children taken in and need to be empowered to generate income to sustain themselves.

Preparing communities to care for the children

With the new care reforms GOA Compassion teams have embarked on preparing communities to receive the needy children and care for them as opposed to the children being cared for in a charitable children homes. Some of the preparation steps include helping a family to start a poultry keeping project, buying a family a dairy cow or a small enterprise that will help them generate resources for themselves and provide for their extra child or more children.

With a gift of USD 1500 You can empower a needy family with a dairy cow like the one Miriam Wanjiku is milking now to care for her family.

It costs USD 10,000 to buy a piece of land put up a home and resettle a homeless family like Geoffrey Kariuri's family. There are many more such needy families that need help

GOA teams are striving to meet the community needs one at a time. One of the effective strategies to care for more children is empowering the GOA churches with income generating projects so that the Church can in turn care for more vulnerable and needy children in the community. Such project is GOA Simerro in Western Kenya where GOA church cares for more than 200 needy children in the community, most of whom are living with HIV and Aids. The churches however struggle with provision of the basic needs to the families caring for these children.

With the closure of Charitable Children Homes, the current GOA homes will remain to be used as trade schools, Centers of excellence while some of the homes will be rescue centres where more needy orphans will be cared for as they as a they find a loving family in the community to care for them

OUR TOP PRAYER NEEDS

EDUCATION

Education is one of the strategies that GOA has adopted to restore dignity to the less fortunate socially, economically and academically. We have six GOA schools, GOA High school with 100 students , GOA Education center with 148 children, GOA Nabwelpus in Turkana with 113 children, Naotin adult school with 30 adult learners, Nkirashi primary among the Samburu people with 128 children and GOA Burundi with 84 children. Many of the learners in GOA schools are children rescued from desperate family conditions and some from herding cattle to go back to school.

GOA Nabwelpus and Nkirashi schools among the Turkana and Samburu people offer not only education to the children but also a lifeline to the children. The children find their only meal in a day at school too

The first candidates class at Naotin Adult education Centre will be sitting for their National Exams at the end of 2023, with many hoping to proceed to High School

Good quality education is too expensive for struggling families to provide for their children. Many children especially in the Kenya's un-reached areas are at risk of missing school due to the prevalence of poverty. GOA schools in these areas provide access to the education for these children as well as their parents. There are however so many unmet needs that if met more children would enjoy the gift of education

Did you know you can join GOA teams to provide quality affordable education to the needy children in African?

The school started at the Cibitoke church to as a response to the Government directive for the church to give back to the society community. Through the support of our friends and partners we have acquired a piece of land to relocate the school from the church compound. In order to put up classrooms and renovate the existing structures for the children the school needs USD. 10,000

GOA teams respond to the need to make and keep peace among the communities among which GOA teams operate. GOA Peace initiatives range from peace campaigns, family support, marital counseling, group and individual counseling, Civic education, humanitarian support and mental health awareness and support. Courtesy of the GOA Peace initiatives GOA is an accredited Civic education provider by the Government of Kenya providing education on election processes in Kenya. On March 5th 2023, The GOA presiding Bishop Munyiri Thagana was awarded the coveted DIAR Award for Peace and Cohesion Champion of the year in recognition of the efforts that GOA has made towards fostering peace around the nation. GOA Peace teams have also been at the fore front helping to build strong families

Sponsor A mentorship Summit with \$1000. The students Mentorship summit provide an opportunity for our career mentors to meet the students and help guide their journeys.

SPORTS MINISTRY

We have used football, floorball, Rollball athletics, volleyball and table tennis to reach the young people all over Kenya with over 100 teams. The Lord has given us a spirit of excellence by supporting the Rollball teams to be the current world champions. We pioneered floorball in Kenya and the team is the current African champions. We sought to defend the cup at Cote D'Ivoire from 13th to 17th September 2023 amidst financial difficulties, our men's team came third while the ladies' team came third.

The Kenya Rollball team which comprises a majority of the GOA team is the defending world champions for both men and women after the world championship held in Pune India in May this year

Currently we have more than 100 teams reaching the young people with the Gospel

Our financial performance for 2022/23 at a glance

During the year, the ministry's income increased steadily at the rate of 26.5% compared to the previous financial year 2021/2022. This is attributed to the new partners who came on board and also funding of some projects that had been pending for long like the GOA Education Centre Bus and Kieni home Borehole. The increase is also attributed to Bishops visit to the United States in the month of November 2022 during which he mobilized more support for the ministry. We thank God for His provision. During the year we received a total Income of KShs. 163,632,723 which is an increase from last financial year whose amount was Kshs 129,337,351.

COMMUNITY OUTREACH AND EMPOWERMENT

In line with the Government directive on integrating children into the community for comprehensive care GOA has embarked on community empowerment. With this investment in the community members of GOA churches and the community will be equipped with income generating projects that will help them provide for their own needs as well as care for more needy children. Would you partner with GOA to empower these communities.

- i. In Simerro in Western Kenya, A donation of USD. 4,000 13 families will be equipped with a bee hive project each to help them care for more than 200 vulnerable children. While in Budalangi 18,000 will equip 15 families with a chicken project each. Out of the income more widows and orphans will be care for.
- ii. In Nyandarua County, four groups that comprise of 32 widows and 30 men need a donation of 60000 to equip to buy dairy cows, goats, sheep and chicken to enable them care for the orphaned grand children and more widows and destitute families within the community.
- iii. In the Outskirts two needy families and five orphans are in need of a donation of 10,000 to help them begin small enterprise to provide for their needs and help them pay for their school fees and provide for the daily needs as they establish their enterprises

GOA SACCO

Currently the ministry has made steps towards empowering the members of the church and the community financially through various initiatives such as the GOA SACCO. In this model members of GOA and the larger community can save as little as 25 cents per day and benefit from the credit facilities. With an addition of 36 new members the total membership stood at 341 members. Who are saving towards their financially stable future. 36 members have benefited from the credit facilities in the amount of close to USD 80,000 and are building their financial future towards sustainable families. GOA SACCO has provided the platform for GOA to empower communities and Families towards financial freedom to enable them care for more orphans and needy children in the communities.

Envisioned financial sustainability projects

Financial stability is key to the ministry to effectively pursue our mission and make a lasting impact on the community. To achieve this goal, GOA has undertaken strategic projects that have the potential to generate sustainable income and create long-term financial stability. With the income from these projects GOA teams will care for more orphans and empower more families to care for more needy orphans widows and needy families. These projects include Guest house in Naivasha, a residential apartment in Nairobi and Agribusiness at Githabai farm. Would you love to support a project?

THE GOA ENVISIONED GUEST HOUSE

With an estimated investment of USD. 3M the guest house has the potential of generating an annual income of up to USD 150,000

THE ENVISIONED NAIROBI GOA RESIDENTIAL APARTMENT

With an estimated investment of USD. 3M the guest house has the potential of generating an annual income of up to USD 30,000

The envisioned GOA Dream Centre is the headquarter of the GOA ministry. With the completion of the GOA Dream centre , GOA teams will equip and send more missionaries to reach more communities with the Gospel. More leaders will be equipped and sent out to multiply leaders of leaders who are filled with the Holy Spirit to accelerate the spread of the Gospel. GOA teams will have facilities to equip communities and more caregiver to care for more orphans and the vulnerable members in our communities. More families will be impacted and helped grow to be strong resulting in stronger communities. The GOA Dream centre is an envisioned centre that will send ministers to the end of the earth as equipped and prepared servants ready to change the world for God. Partner with GOA today through your generous giving towards the USD 2,000,000 needed to achieve this Dream. The first phase of the dream centre is estimated to cost an approximate USD 300,000 with will help lay the foundation and the basement of the building. Give today through the available options below
