2023/2024 FISCAL YEAR

GLORY OUTREACH ASSEMBLY
Partnership Impact Newsletter

Our Vision

Fully mature disciples, compassionately pursuing the great commission, demonstrating Godly zeal and transformational leadership, bringing positive change globally

Our Mission Statement

To creatively respond to the great commission, by creating strong Christian fellowships, developing ethical leadership, caring for the vulnerable, mitigating conflict in our communities and improving the social-political-economic status of nations

Our 2024 Theme

The year of Open Doors Isaiah 60:11

Our Core Values

- Integrity/Uadilifu
- Stewardship/Uwakili
- Peace/Amani
- Compassion/Huruma
- Love/Upendo

Our Pillars

- Discipleship
- Compassion and Dignity
- Peace
- Stewardship and Integrity
- Mentorship

Dear Kingdom partner,

At the End of the year 2022, God spoke to us clearly as we entered the New Year 2023, that GOA Teams were entering the season during which many of the things we had found difficult to do would be done. We were guided by the word of God from Numbers 13:30 "We are well able". God in his faithfulness kept us connected with you in partnership for the Great commission and together we have been able to achieve great things for the Kingdom.

GOA Discipleship teams have planted new congregations among the reached and the unreached people groups. Six new congregations have been planted and are now reaching the communities with the Gospel and newer believers are being made. As a result of these new congregations together with the creative evangelism strategies more than 400 new believers have been reached with the Gospel and received Christ as their personal savior. More than half of them have been baptized in many waters and are growing in their relationship with God. Praise God! We celebrated the gift of fellowship through the GOA regional Conferences all year round. Children, young adults as well as the adults came together during the conferences and celebrated fellowship with each other. More than 2000 members across the GOA Regions took part in the 13 conferences that were held in the regions. However, as we celebrated the great milestones that we achieved together we too had tough times. The GOA Team leader for Uganda, Bishop Ephraim Sentambule went to be with the Lord after a long battle with ill health. The family was left in great devastation and need. We thank God that together we were able to overcome this difficult time, laid Bishop Sentambule to rest and comforted the family. We would not have achieved all these on our own would you your support not have been there. We thank God for your support throughout the year.

GOA Compassion teams have cared for 352 children in our homes and more than 30 children through foster families. All our children have access to a loving family of brothers and sisters and parents as well as care givers who love them. Despite the difficult times we have kept the children well cared for. Some of the children have experienced challenges with their health, some have been treated and are well while some are on medication. Please pray for them that they get well soon. One of our priority needs remains empowering families to care for children away from the children homes. Most of the guardians to the children in our homes are living in dilapidated conditions, unable to provide for their own needs leave alone providing for the needs of the children. Would you partner with GOA Compassion teams to build a house for one of these families to provide better care for the children? Would you partner with GOA by sponsoring a child in the home with a monthly gift of USD 117? This will go a long way in making a child happy.

GOA Leadership training teams are celebrating 3892 leaders across Africa that have been empowered to pursue God given visions for their lives and impacting their communities as they accelerate the spread of the Gospel. Hallelujah!!! Many Pastors that could not afford the cost of Theological training are being equipped to be more effective preachers and teachers of the word. More leader's families have been positively impacted to grow into strong families that are in living in harmony. GOA Leadership teams have invested in developing new partnerships that have proven formidable in equipping the leaders for the acceleration of the Gospel. Heart for Pastors Family and

Preachers Seminar and the Global Servant leaders training have been such new strong partnerships for equipping leaders in Africa. More than 1000 leaders have been equipped and are growing in their service to God. We are grateful to all the GOA partners that have been key in equipping and mentoring leaders for the Gospel.

It is during the year of believing that we are well able that the GOA peace teams' efforts paid off well. Over the years our teams have been at the Centre of preaching peace, uniting warring communities and building strong families in the country and the entire East and Central African region. In recognition of these efforts the GOA presiding Bishop, Bishop David Munyiri Thagana, was awarded the *DIAR Peace and Cohesion champion* recognition award. This recognition crowns the efforts of GOA teams in building and keeping peace among the communities. Many strong families have been given birth to through the celebration of marriages around the GOA regions. The young couples have been well prepared for the journeys ahead as they chose to live with each other until death does them part. We pray for all these families as well as the ones still coming ahead. Did you know that mental health is a growing concern among the societies today? This has been proven by the rising number of mental health cases among families that have led to the establishment of the GOA Mental health team that is ever engaged on one or more issues. Our peace teams are the least funded of all GOA teams despite the great tasks that they undertake. Would you partner with us with your resources for our peace teams today?

Compared to the previous financial year 2023/2024, the ministry's income increased at the rate of 8.5%. The Income rose to Kshs 178,870,241 from the previous year's Kshs 164,858,618 total income. We appreciate our financial partners for the continued support towards the GOA vision. Through your support our teams are well supported, our children and churches are being empowered towards sustainability. More members from the GOA churches and our larger communities have made up their minds to work their way towards financial freedom through investment through the GOA SACCO with better investment opportunities lying a head we are expectant that times can only get better

The GOA Dream Centre remains a top priority for GOA Teams. Through your support from the past days, we have enough space for putting up the iconic house of worship that will not only provide a modern worship sanctuary for the GOA Headquarter church but an iconic symbol of unity for all GOA Teams across the globe. Our teams in Nairobi are in their final stages of securing building approvals from the government agencies for us to start building. Please consider a continuous generous gift towards building the GOA Head Quarter church in Nairobi Kenya.

Our teams have put these stories and more together in this Newsletter for your to read and be blessed along with us. Please feel free to share them with your friends and partners and led them know what the power of your friendship and partnership has enabled GOA teams to achieve.

Bs. David Munyiri Thagana
Presiding Bishop
Glory Outreach Assembly

DISCIPLESHIP

GOA discipleship ministries focus on creatively responding to the great commission. As a result of these creative response strategies communities and individuals have known Christ and continue to grow in their journey of Love with Christ. Newer congregations have been planted and continue to be nurtured to mature congregations. The GOA fiscal year 2023/2024 began on April 1st 2023 to March 31st 2024. The year has been success with major milestones accomplished during the year. Some of the major highlights are captured in this report for you to read and praise God together with us.

Rev. Fred Okwomi, Director GOA discipleship

Empowerment of Pastors for Ministry

GOA Pastors are key in the achievement of the goals of the ministry in reaching the Nations with Gospel. Thus the ministry is intentional about equipping them for the work of the ministry. In the pastor year a total of 12 Pastors and reverends and 2 of our Bishops through ordination ceremonies. With this ordination empowerments The ministers are well recognized by the State and the community and empowered to lead and mobilize their congregations to impact the community with the Gospel.

Left: Ordination of Bishop Joseph Karani of Nairobi Region Right: Rev. Capron Lewarani, Samburu region

PLANTING OF NEW CONGREGATIONS

The First planted GOA church in Nanyuki town

Over the years GOA has embraced church planting as the most effective strategy of discipleship and Evangelism. GOA churches provide centres of effective discipleship of members. New congregations have been planted around the GOA regions. GOA teams have been able to plant six new Congregations. This additionally has given rise to one more prospective GOA administrative region in Kisii.

BUILDING OF PERMANENT WORSHIP SANCTUARIES

GOA has partnered with ICM church development partner to help build permanent sanctuaries for communities that are not able to put up one for themselves. During the year we had four projects in progress, Kiserian church in Nairobi, Kinja church in Kinangop, Mutaranga church in Tharaka and Nyasita Church in Nyanza region. Out of these projects three have been completed successfully and

all of them have been dedicated. As a result of these church buildings more members of the communities have joined congregations where they are being disciplined to maturity.

SUCCESS IN THE GOA REGIONAL CONFERENCES

Year 2023 was the first year during which all the GOA conferences were held in the regions. A total 15 Conferences were held for different groups around the GOA administrative regions giving close to 2000 members of GOA congregations got an opportunity to fellowship with each other through the conferences. This was a positive impact coming

from a past where we only had close to 400 members drawn from the regions coming together for the National conferences. We are grateful to our ministry partners GOA Switzerland for the tremendous support towards the Conferences. The financial help that we got from GOA Switzerland made the conferences possible to be held successfully.

LOSS OF BISHOP SENTAMBULE

In the midst of the success stories that GOA teams recorded, we one of the Key GOA leaders in Uganda in the month of May 2023. Bishop Ephraim Sentambule of GOD Uganda went to be with the Lord after battle with his health. Bishop Sentambule had led the GOA teams as well as the International Leadership teams in Uganda for close to 20 years seeing the planting of 19 GOA congregations in Uganda. The leadership of the GOA teams in Uganda was taken over by His successor Bishop Johnrich Kimera.

Breakthrough for Tanzania registration

After a long battle in the corridors of the Government offices in Tanzania, GOA Tanzania was finally granted Registration. Giving a proper legal framework for the ministry to carry out its activities in the East African Nation for the Next five years when it will be awarded renewal of the Registration. GOA Tanzania has currently planted close to five different branches and continues to Grow. The Greater need of building the churches remains as a biting need for the Tanzanian churches. With a donation of USD 7000, we can help build up a church in Tanzania

MINISTRY EMPOWERMENT FOR REV. FRED OKWOMI

The GOA Discipleship Director Rev Fred Okwomi was ordained on 15th November 2023. This ceremony was a success. Out of the gifts that friends gave during the ordination ceremony we were able to purchase a ministerial car for Rev Fred. We wish to pass our gratitude to the friends and partners that generously gave towards the buying of the ministerial car.

Our Top priorities for the New year

As a our teams set the goals the last year there are quite number of goals that were not achieved. Together with the new ministry needs these form our top priorities that we invite you to consider partnering with us

	ITEM	COST PER EVENT (Kes)	TOTAL EVENTS	TOTAL COST (Kes)
1	Monthly transport for Discipleship Director to regional ordination ceremonies	30000	12	360000
2	20 Regional Bishops Training in Nairobi	550000	1	550000
3	Children and Youth Ministers' training	100000	4	400000
4	Regional Conferences, family, Youth and Children Conferences	250000	18	4,500,000
5	Rev. Fred Okwomi Education Support	750000	1	750000
	TOTAL			6,560,000

CONCLUSION

In conclusion we have had a successful year 2023/2024. Working together with our teams and partners we have been able to reach communities with the Gospel of Jesus Christ and Its transforming power and seen many people accepting Christ. Going forward we look forward to Kingdom partnerships that will enable us empower our churches financially to care for the needy orphans and the vulnerable within the community

Compassion & Dignity

COMPASSION AND DIGNITY

GOA Compassion teams creatively respond to the great commission through caring for the less fortunate especially the orphans and those affected by HIV/AIDS. We are living in terrible times of economic struggles. Diseases such as AIDS, prolonged droughts, insecurity, and immorality among many others. As a result, poverty rates have increased and escalation of orphaned children. These motivated us to invest in caring for those affected. The children are released back to the community at the age of eighteen or after successful completing high school giving us an opportunity to take in others.

Mrs. Esther Muchiri, Director GOA Compassion and Dignity

Our children welfare

During the past financial year we took care of 352 children in our homes. The children were well provided with food shelter education and recreation in order to grow like every other child in their families. 38 of these children sat their Primary Level National Examination and transitioned to High Schools while 25 of them sat their High School National Exams to transition to institutions of Higher learning. We admitted a total of 56 new children that were rescued from different circumstances and have since found a home among the institutions. We however remain grappling with the challenge of the unsponsored children. We invite you to consider sponsor a child with USD 117, which shall provide food, education and all other basic needs.

FOOD SUSTAINABILITY PROJECTS

Our goal of achieving food sustainability through production of food in our homes is slowly being realized. Many of our homes managed to produce their own vegetables in their gardens while some such as Rehema, Rhema and Tumaini and Kieni West home have invested in Dairy, sheep and poultry farming that provide meat and milk for the children Part of our homes faced the challenge of dry seasons which however overcome through the irrigation initiatives.

SHELTER IMPROVEMENT FOR OUR CHILDREN HOMES

Over the last financial year GOA Compassion teams have heavily invested in improving the residences of our children both in the homes and some of the homes that the children are being reintegrated back to the com-

Section of renovated Dormitory at Rehema Girls' Home

munity through. We began the construction of the Kieni dormitory for the children, we also carried out renovations in our other homes such as Rehema. We were blessed enough to install cooking gas system at Beat The drum home in our efforts to migrater to smokeless Kitchens in all our homes.

Kieni home Dormitory construction

We are exceedingly grateful to our GOA Switzerland Partners. Through the efforts of the Switzerland Team, we were blessed with a ministry for Rhema Home. The van will help the children go to school, church and out on tours and other home errands. Thank you so much to our partners for this invaluable gift.

Children Mentorship

PREPARATION FOR REFORMS

In line with the new child care reforms, that will see us care for children in the community unlike the chartable

The old house for Peter's Guardian Tumaini Home

The newly build house for the Peter's Guardian

children homes, Our teams began active assessment of the homes where some of the children in our homes will finally be sent back to. Some of the homes are pathetic

with the guardians leaving in Shanties and dilapidated houses. We are grateful for the partnerships that have helped us put up new houses for the children guardians

as they prepare to have their children back. Would you love to partner with GOA Compassion in helping these families get a new house? It costs

USD 7500 to put up a new decent house for a family to care for their children safely.

Top priorities

Through the generous support of our partners we have been able to care for the children in homes as well as those in the communities. They are now dignified and have a hope for a better tomorrow.

There however remain major needs for our institutions as well as well as families. Our desire is to have each of our 352 child sponsored. It takes a total of USD 117 to sponsor a child every month.

There still remain major infrastructural developments that we need to undertake in our children homes for the betterment of our children's welfare as well as that of the care givers.

We invite you to consider partnering with us in the year 2024/2025 to help us make the living conditions of our children very comfortable.

Thank you so much

We send our word of thank you to our friends and partners through whose love and generous giving we keep caring for the vulnerable in our community.

Alternative Care

In line with the new Government directives to care for children in the community, GOA Compassion teams seek for families that are willing to take in an extra child or more and care for them together with their own children in their homes. Today we have more than 33 children being cared for by foster families around the country. They receive love and all basic needs in these families.

During the 2023/2024 fiscal year we supported 12 children with school fees. This has kept all our children in school enabling them to pursue their academic goals. The children on care program have been beneficiaries of close mentorship and Spiritual guidance through the church and their parents. Through the food support given to their families, families making up of more than 100 members receive food aid every month. We invite you to partner with us in supporting a child or family on foster care.

ADOPTION.

There have been a rise in the number of parents who are seeking to adopt a child due to one reason or the other. Around the nation the approved agencies are so few that they may not be able to address this need. This coupled together with the new direction of family based care that GOA compassion is moving towards has necessitated the need to register the GOA adoption agency. This will help parents who are would like to legally take in a child to be there own to go through the process and finally adopt the child.

Our teams are in the mentorship stage with other players in the area of child care through adoption as we look for-

Prayer needs and thanks Giving

We intend to have at least 10 children being added on our care. With this addition we shall require an extra USD 600 every month to care for the needs of the additional children.

In the coming year we look forward to expanding our regular mentorship forums for to the greater communities in the areas where our children are being cared for as well as the local churches in the regions to help build a holistic children in the communities.

PEACE

GOA recognizes the need for peace among communities, families and individuals, in the absence of peace around us we cannot be able to preach and spread the gospel which is the main mandate of our ministry. Therefore peace building team meet the need by holding peace seminars in and out of the country and the east And central Africa region.

Grace Kariuki, Director GOA Peace

COMMUNITY PEACE CAMPAIGN

Peace Conference in Goma DRC Congo

Church leaders pray for peace in Samburu, Kenya

Goa Teams in conflict prone areas such as the Eastern region of the Democratic republic of Congo ha, Garsen and Samburu i9n Kenya have been on the fore front in creating awareness through Peace Seminar. Through the Peace Seminars we have reached close to 1500 families and individuals through Peace Seminars. The members of these communities are learning to live together with each other through celebrating their differences. The GOA Peace Seminars coupled with the annual cultural Diversity celebrations these communities have been groomed to live at peace with each other.

GOA DIAR AWARDS CELEBRATION

Goa ministry has been actively involved in preaching and advocating for peace in every opportunity. Through the efforts of the GOA peace teams in Civic Education, Pre and post election peace campaigns and active engagement of the National Leadership teams on matters of peace Bishop David Thagana was awarded The DIAR Recognition award as the peace and cohesion champion of the year 2023. The award came at the right moment when GOA teams have been similarly accredited as election observers and civic education providers.

RIPEN MENTORSHIP

As our children transition from child hood to young adults, Peace teams take them through Rites of passage Encounter (RIPEN). Through the initiative, we keep our children in the ways of God unlike leaving them to be taken through initiation by the Community that doesn't value Godly values. A total of 20 boys and 15 Girls went

through the encounter at the end of last year and continue to walk the journey of mentorship with our teams as they grow into adulthood. The youngsters are taught basic life skills such as personal hygiene, safety and are counseled on major issues affecting young people such as life in high school, sexual purity, adulthood, serving Christ among others.

MENTAL HEALTH AWARENESS INITIATIVE.

Despite limited resources we reached and trained over 1,500 people through the various activities, with more than 800 of them being children and youths. We have impacted them with information that eradicate mental health stigma, helps them understand how they can seek help or cope with current issues in their lives adequately. Close to 100 households are celebrating behavioral changes among the members that we adversely affected. Praise God!!

ALCOHOLIC ANONYMOUS (AA) GATHERINGS

One standout stories this year was helping individuals struggling with addiction and substance abuse disorders as they strive to recover from the addictions. Through the Alcoholic anonymous meetings held every week more 30 individuals are recovering from their addictions

We welcome you to partner with GOA Peace teams through your financial resources and networks that will spur our efforts to help the society through Mental health awareness initiatives through out the year. In the month of May we shall be celebrating the Mental Health awareness month as we go on to celebrate Suicide prevention month in September and later in November Stress prevention.

Family strengthening

We witnessed union of 7 couples in Holy matrimony around our churches.

Ian and Susan got married at a colorful wedding in Naivasha

We are excited that the families are so far growing to be strong and good example families in the community. Among the couples some legalized their marriage vows after having been married under the customary law for some years while a majority of them were all young people getting into marriage for their first time. All these couples have gone through rigorous Pre marital counseling and are well prepared to exercise their love and vows to death. Among the celebrations we have had this year, we celebrated the union of

our children raised through the Compassion children homes at Naivasha church between Ian and Susan Muthoni.

Besides the celebrations that we held in the year our team has also actively engaged new couples that are due for marriage in the course of this new fiscal year. One of such, also involving one of own children Josphat Mukubwa, the manager of Tumaini family has already been celebrated at Ndunyu Njeru Church. We look forward to preparing more of these families and celebrating them as they fulfil the desires of God that "it is not good for a man to alone."

COUNSELING AND SUPPORT FOR COMMUNITIES AND TEAMS WAS A SUCCESS

Team of young people pose for a photo after a counseling session in Soweto Slums in Nairobi

Our counseling teams have worked together with other teams of professional counselors in reaching our communities. During the year we together worked together in our children homes in partnership with mental health awareness teams. Children in our homes are now in better mental status as well as other young people from the slums of Soweto.

We send our appreciations to our team of partners in Switzerland. Through the Support of GOA Switzerland, our team has been able to travel around the GOA Homes and the communities reaching the members of the community through peace and counseling initiatives. Our teams on the grounds have been effective in putting together these peace initiatives and steering their success. Thank you so much.

PRIORITY NEEDS

A head of us this year our teams will be taking part in the global families' day celebration with a focus on the impact of climate change on families on May 15th 2024. at the same time we are trusting God for provision of the resources needed to build the GOA peace Centre in Mkungi to sustainability status.

Our teams too have a series of Peace campaigns among the Kenyan tribes and the Nations of East African coming up to foster peaceful co existence among communities. Please pray for our teams and consider giving generously to help our teams keep the Gospel of Peace on the airwaves.

THANK YOU SO MUCH

We thank God for a successful end of the financial year 2023 . We give God all the glory for this and believing for a better year ahead. I take this opportunity to thank GOA ministry teams for the overwhelming Support for all our peace initiatives and Our head office team who have actively used their expertise and gifting in the peace events, under the leadership of our presiding Bishop, Bishop David Thagana. To our partners from Switzerland, we appreciate your love and support, our partners and teams in Kenya, United States and across Africa we salute you for the invaluable support you have given to us.

LEADERSHIP TRAINING

Through partnership with like minded Kingdom partners, GOA leadership training teams have equipped leaders for the Kingdom in Kenya and around African countries. Resulting from these trainings, New visions have been birthed, passion rekindled and many leaders are now living their God given purpose as they impact other people within their surroundings and beyond.

Rev. Phylis Githaiga

Director GOA Stewardship and Integrity Pillar

History Makers Leadership training

History makers training teams equipped 3982 leaders with the 8 core values. We are blessed that Rwanda, Tanzania, Namibia and Eswatini Nations have been revived and now more leaders are being equipped in these nations. Similarly we held the first ever History Makers for business people in Kenya and Zambia reaching business people and equipping them to reach the world with the Gospel through their businesses.

Bible and Theological training

A total of 50 Pastors are being equipped through the Bible and Theology training at the GOA Bible Centres. At our main Campus in Tharaka 30 Pastors and Church leaders consistently meet every month for their week long class while our Satellite Centre in Nairobi at Kahawa Wendani GOA church has 20 Pastors both in Level one and two. We were blessed to complete the boarding facilities at the Main campus in Tharaka. Today our students reside within the school during their weeklong studies with plans underway to furnish the institutions with a modern chapel, dining hall among other basic learning facilities. We are grateful to our ministry partners that have kept our teams motivated to equip more pastors for the work of ministry. 10 Students at the Kinamba training Centre got interrupted from their studies due to the unforeseen circumstances that forces the training Centre to relocate to a new location. We are however working hard to restore the class.

FAITH DRIVEN ENTERPRENUERSHIP

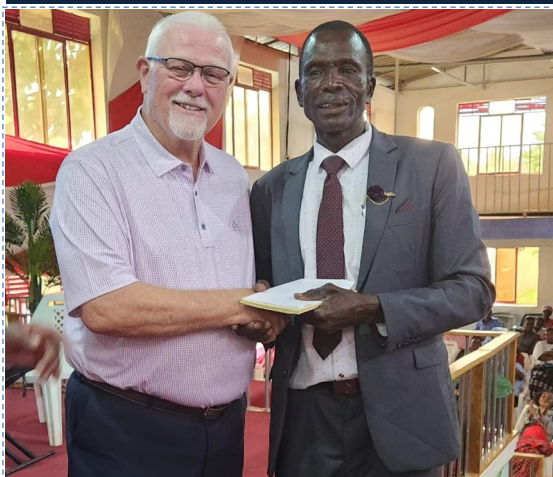

In the past year we launched our first FDE class. Both the first and the subsequent classes have been successful. Through the training We have equipped 55 entrepreneurs to practice faith in the market place, and see their business ventures as an avenue for God to use to change the world positively. The Mentorship cycle among the entrepreneurs is bearing fruits as more and more get equipped and impact their work places for the Lord.

Consistent Bible Reading Discipline

The discipline of consistent Bible reading has been invaluable among the believers that have been trained by it. Members of our churches can today read the Bible for themselves and Listen to God. More than 60 believers were commissioned in Nairobi and Tharaka to live the discipline of reading the Bible while close to 60 more are still under training to be commissioned late in the year.

Through the CBR journey I have been delivered from anger as I read through scripture. I had struggled to control my anger, seeking for help even prayers from different people. But the word of God has taught me self-control. My children have noticed that I am not getting mad so easily and uncontrollably. *CBR Student, Murera*

Heart For Pastors with Dr. Wayne Dorsett

The Second Season of the Heart for Pastors with Dr. Wayne Dorset was very successful. A team of more than 1000 Church ministers were equipped for effective preaching in Nairobi and Bungoma regions.

Global Servant Leaders Training with Rev Carey Akin

The Goa leadership training teams in partnership with Dr. Carey Akin Global Servant leaders movement held the second GSL Conference for the GOA ministers. Impacting a total of 24 staff from GOA churches and homes, the leaders have grown to serve better in their respective capacities. We are grateful to GSL for the impactful Seminar.

Top Priorities in 2024/2025 financial year

We are thankful to our ministry partners through whose support we have prepared leaders for the spread of the Gospel. We are trusting God for provision of Kes. 2 million to complete GGU construction work and an addition Kes 1,500,000 to help us meet the learning expenses at the GGU Centre as well as facilitating Consistent Bible reading trainings. Our History Makers teams target up to 5000 leaders. Cumulatively this will cost our teams an upwards of Kes, 30Million and an additional Kes. 1,500,000 for coaching the Nation teams. There are more languages in African that have not gotten access to training materials. At a cost of Kes. 500,000 we look forward to translate the materials to Luganda, Malawian Chichewa language. We invite you to partner with GOA leadership teams in impacting the Nations for Christ.

Education is one of the tools that GOA teams use to dignify the members of our communities. GOA schools provide education to both children and adults alike. With one High school and four Primary schools more than 500 children have had an opportunity to be impacted through education. Year 2023 was the point of Significant changes in the education sector in the Country; following the Covid 19 disruption in the school calendar, schools finally went back to normal year calendar, it also is the year that saw the last group of Primary school grade candidates sit their last National Exam as the education system transitions to the new competence based Curriculum. GOA Education Centre, Nabwelpus in Turkana and the Adult school fielded candidates in these Historic Exam being their first Class eight candidates class and the last one as the changes take effect.

GOA High School

At GO High school, the population of the students grew to a new enrolment of 110 across the four grades. With the

New institution bus the students can be picked from their different locations to the school. 21 candidates sat their form four National Exams posting an impressive mean grade 4.09 up from 3.14 in the year 2022. The current class of candidates is determined to take this grade even higher. Through the well structured Christian Union and the counseling teams among the teaching staff and the student peer counselors the

GOA Education Center

The population has continued to grow from 121 in April 2023 to a near double of 206 on 31st March 2024, This has been attribute to all a range of factors including availability of a school bus for children transport, a team of committed teaching staff as well as better management of the school. The children have excelled both in their academic and co-curriculum engagement with the school sports team participating in the games competitions up to the County Levels in Athletics, Football and the creative arts teams. With a greater investment in the Pastoral Program of Instruction (PPI) and the Christian Union Movement, the children are well guided Spiritually through counseling.

In the year 2023 the last class of the Grade 8 candidates sat for their National Examination. A total of 25 candidates sat for the exam posting an impressive mean score of 293 up from the previous years grade of 254. We appreciate the support of GOA Switerland through provison of funds for building new classes which were a great need in the school. Similarly during his visit Jeff Herdman from the United States donated new Games uniform for all the children motivating them to perform better.

NABWELIPU SCHOOL IN TURKANA

GOA Nabwelipu in Turkana has fielded candidates in the National exams for the first and last time. With a teacher population of only 6 members of staff handling close to 11 classes, 10 candidates performed relatively well with a majority of them proceeding to High schools. Through the efforts of friends and well wishers the children have received food occasionally. We trust God for provision of two more classrooms for the children, provision of food for

the children as well as basic learning materials for the school

Nkirashi School in among the Samburu people in Laikipia has rapidly grown to now 232 children in Primary school and close to 100 in the preprimary school. Through the support of the Local leadership the school has received two new classrooms for the children. The children still suffer lack of food while at school. Through the support of partners we have provided food for the children for the first term as we hope that they will keep provided for in future to keep them in school as well as desks for the children. We pray for provision of funds for more classrooms, more teachers and food for the children

NAOTIN ADULT SCHOOL

The school started well, with a total of 55 learners. 15 new learners have joined the school after the encouraging results of the past years National Exam class. The school is however in urgent need of close to Kes. 600000 to help build classrooms for the learners who still learn under the tree.

BURUNDI GOA SCHOOL

The school opened its doors at the beginning of the year and has 25 children. This was after a closure of the school after it had been hosted within the church premises. Through Kingdom partners of GOA we acquired a piece of land and relocated the school to its own dedicated premises. The school is in good progress. However we are in need of funds to improve the sanitation and provide learning and playing equipment for the children and build more classrooms.

Thank you so much

We are grateful to our development partners that have continually supported our efforts to reach communities with Education. Lives of many children who would not have had an opportunity to enter school have been impacted and each of them can now work on a future that looks certain. We continually pray for you.

MENTORSHIP

Sports Ministry

GOA Sports teams managed to multiply the sports ministry to other African nations through floorball camps in Malawi, Tanzania, Burundi and Uganda. GOA Sports ministry also supported the Kenya floorball national team in their walk of faith to the 3rd African cup in Cote D Ivoire where our women emerged 2nd and our men emerged 3rd. Kenya will host the next African cup in September 2024. Our teams also successfully participated in their various leagues while we held football, volleyball and Rollball tournaments.

While all our teams remained active on the field reaching the young people with the Gospel through sports our coaches too excelled in the coaching and all their efforts paid back

Our Rollball coach Martin Abunde (Right Inset) won the star times coach of the month award and was awarded a 55" Smart television.

GOA FC was elevated to play in division 2 league which is the highest participation level so far since we launched the team in 2012. The team is in dire need of financial resources to support their activities and we invite you to consider a regular donation to the team for better results and further development of the sport.

Our Steps to Sustainability

Finally we celebrated the launch of the Sports ministry Global Sounds and Events Sustainability project. Global Sounds is a dream we have prayed over for a long time as we hopped for the best. Through our Sports ministry Kingdom partners we managed to acquire a premium Sound system that will be offered for hire to our clients and in return generate some funds to support the ministry.

Thank you so much

Our top priorities for the new financial year include upgrade of the sports ministry vehicle that will help us reach far places to impact young people and, marketing of the global sounds business for sustainability as we work on hosting of the next floorball African cup in September 2024. We welcome you to support these initiatives. As we appreciate your support in the just concluded financial year, we welcome you to partner with us for greater Kingdom results.

Youth Mentorship

GOA teams are intentional about raising a generation of leaders in different fields that will see successful growth of the movement that will keep pursuing the great commission. Besides the young people in our churches our mentorship teams have developed strategies to equip young people for leadership responsibilities and roles going forward. These strategies include investing in the academic journey of young people, Spiritual Excursions and empowerment of young people and well and business and life skills coaching from experienced and practicing industry leaders.

Post Secondary Student mentorship

Our efforts in supporting our students have paid good results at the right time. 16 of our students successfully finished their studies and graduated from different colleges and are on their way to practicing their careers. Today we have 86 students in close to 25 colleges around the Nation pursuing their careers. We are grateful to the support that our partners have given to us in empowering these students through provision of school fees and learning equipment such as laptops the students are kept in school in good progress.. Later this year, close to 26 new students will be joining post secondary team as they join institutions of higher learning. We welcome you to consider partnering with us and sponsoring a student with donation of USD 300 every month to help them brighten their future.

Equipping the young people in our churches

Through strong young peoples' fellowship, we are investing heavily in the journey of Character formation for our young people. Over the year we have witnessed consistent change among the young people as they grow to love Christ more and more. We are investing more in developing their relationship with the maker.

OUR TOP PRIORITY

The GOA mentorship teams have prioritized intense mentorship for our young people in our churches, the community as well as the students in different institutions of learning. Our team is working on mentorship and discipleship materials for the young people as well as the children while putting together mentorship forums for these groups. We are trusting God that for provision of funds that will enable us host youth conferences across the GOA regions and develop the youth discipleship curriculum for effective discipleship. Please pray for our teams

PARTNERSHIP & COLLABORATION

GOA Volunteers

Since 2013, GOA ministry has given both members of the Local GOA congregations and community as well as the International friends and partners opportunity to utilize their skills and resources through volunteer ship in different GOA projects. Over the years we have hosted more than 100 International volunteers, close to 500 volunteers from GOA churches and the local communities as well as more than 100 student interns. The opportunities have been a blessing to both the Volunteers and the ministry.

In the past year alone we have hosted 29 volunteers from the International Community and 19 volunteers from the GOA Communities

Fruits of the Volunteers teams

Some of the long standing prayers that our different institutions have been making have been answered through the coming of our volunteers. We have been blessed with more child sponsorships through the efforts of our volunteer teams as well as improved families in our children homes. This year the long awaited prayer for the ministry van for Rhema children's home was answered through the efforts of one of our volunteers who raised funds for the car through her friends and church. We praise God.

Through volunteer opportunities the ministry has created a platform for developing the careers of the children from our homes through Internship opportunities,. Many of them are set to take the opportunities up beginning may this year. There are more opportunities beyond the for the members of the communities as well as our International volunteer teams.

Priorities

Our teams are preparing to host a team of 6 Interns from Switzerland who will be taking their internship at GOA High School from the month of June. We look forward to accord them the support they need.

At the same time we are also preparing to host several students from the Local Universities and Colleges in Kenya for their internship around different GO projects in the Country. Our teams are prepared to equip them with the skills they need to achieve their internship goals.. Annual sponsorship tea visit in July-august proper planning and preparations are going on.

Media & Communication

GOA media and communication team has been extensively involved in making the GOA vision known to the world. As we came to the close of the fiscal year 2023/2024 we celebrate major milestones that have been achieved. Our partner networks have kept growing as the Media team keeps growing too. With the addition of Dorcas Kamau in the year the efforts of the media team received a short in the arm. Dorcas joins the team with a wealth of experience in TV and content production as well as public relations.

The Launch of GOA TV

GOA TV is one of our top priorities. With investment in the Television Broadcasting space, GOA Teams will have grown in evangelism with ability to reach new grounds through the Media Space this will help us live to the task of Matthew 28:19-20, Pursuing the Great Commission. Many of our Children that have been raised in our compassion homes are pursuing Media studies and growing their skills in Content production, Journalism and related course. With the GOATV and the future GOA radio, a platform for the growth of these children is sure. Today GOA TV is purely YouTube based. We however look forward to upgrading to the Set top Boxes with wider reach. The Online TV hosts shows that speak in to the lives and needs of the society's all round living.

Thank you so much

Through the Generous donations of our friends, our Media team has equipment for the daily updates and production of the beautiful stories of the impact the Partnership has brought along. We appreciate the donation of a brand new Sony Camera through GOA USA, In addition to our existing equipment and camera donated by GOA Switzerland partners our production teams is making better quality content. The production team is very grateful. Our Team updates through the Social Media, Our website and all our official communication platforms are becoming better. We praise God.

As we grow our vision of the GOA TV we invite to prayerfully consider partnering with GOA Media team to finally establish the GOA TV and expand our evangelism and growth of skills and talents among our communities. To the Glory God.

LEADERSHIP & ADMIN

The financial year 2023/2024 was a very productive year full of activities and great impact in the ministry. As at the end of the year the ministry had a total of 80 members of staff, 35 being in the children homes, 19 at the head office, 23 in the schools, 1 missionary based in Garsen located at the coast of Kenya and 2 staff working GOA Global University. There is also a bigger team of more than 200 pastors who serve in the churches and several volunteers working in the ministry both from within and outside the country.

Our financial year 2023/2024 began well and we thank God that some of the projects that have been pending for so long received funding and were implemented. The ministry had plenty of activities which include and not limited to, Kieni dorms construction, Face-lifting and separation of GOA Kinangop schools, Installation of solar systems in Rhema and Strong Tower homes, Purchase of GOA Kinamba land, completion of 3 ICM Funded churches, purchase of furniture and equipment for various departments, educating, feeding and clothing children in the homes and foster care programme, training leaders, peace activities etc. Some of the projects are still in progress awaiting dedications in a few months to come.

The Ministry Income

Compared to the previous financial year 2023/2024, the ministry’s income increased at the rate of 8.5%. The Income rose to Kshs 178,870,241 from the previous year’s Kshs 164,858,618 total income.

	GOA SWITZERLAND	GOA USA	WAYNE DORSET MINISTRIES	THE ROSSER FOUNDATION	ILI	A CHILD'S HOPE INT'L	MIKAEL	GSL	LOCAL FUNDING	TOTAL

GOA Ministry income for the Fiscal year 2023/2024

At the beginning of each financial year, the ministry sets a budget that will guide its operations. The bigger part of budget is faith based since no one is committed to fund and the head office staff have the responsibility to constantly mobilize funds for various projects. As a result every month has different amount depending on fund mobilization for the month.

Our Sources of income over the year

We appreciate our partners and friends who supported the ministry continuously as we pursue the great commission. We give all glory to God for the great progress of various projects and great impact in people's lives.

SOURCE	AMOUNT
GOA Switzerland	86,871,206
GOA USA	55,222,205
Wayne Dorset Ministries	3,119,083
The Rosser Foundation	2,111,000
International Leadership Institute	17,111,055
A child's Hope International	4,969,523
Mikael	314,080
GSL	381,150
Local Funds	8,770,940
TOTAL	178,870,241

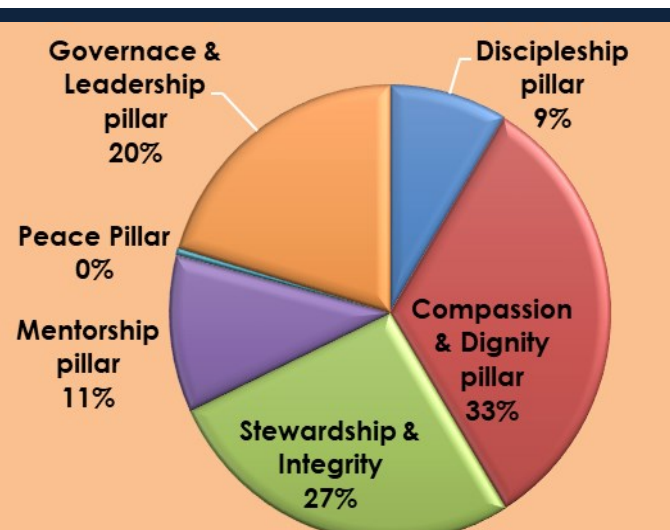

Summary of our sources of income for the year 2023/2024

Overall ministry Expenditure

During the year, all the departments were busy with various activities that have made a very great impact in the community. The ministry spent a huge part of its funds on operating income. The rest were used to meet capital expenses. Below is a tabulation of the overall ministry expenditure during the month.

Ministry Department	Expenditure (KShs)
Discipleship pillar	12,490,682
Compassion & Dignity pillar	47,225,140
Stewardship & Integrity	38,744,874
Mentorship pillar	16,031,929
Peace Pillar	777,150
Governance & Leadership pillar	29,566,456
Grand Total	144,836,231

Graphical representation of the GOA ministry expenditures per department.

As a result of the financial received during the year GOA tams have been able to accomplish great feats for the Kingdom. We are happy that great capital investments have been made that will for a long period serve the ministry in pursuit of the Great Commission.

ADMIN AND LEADERSHIP

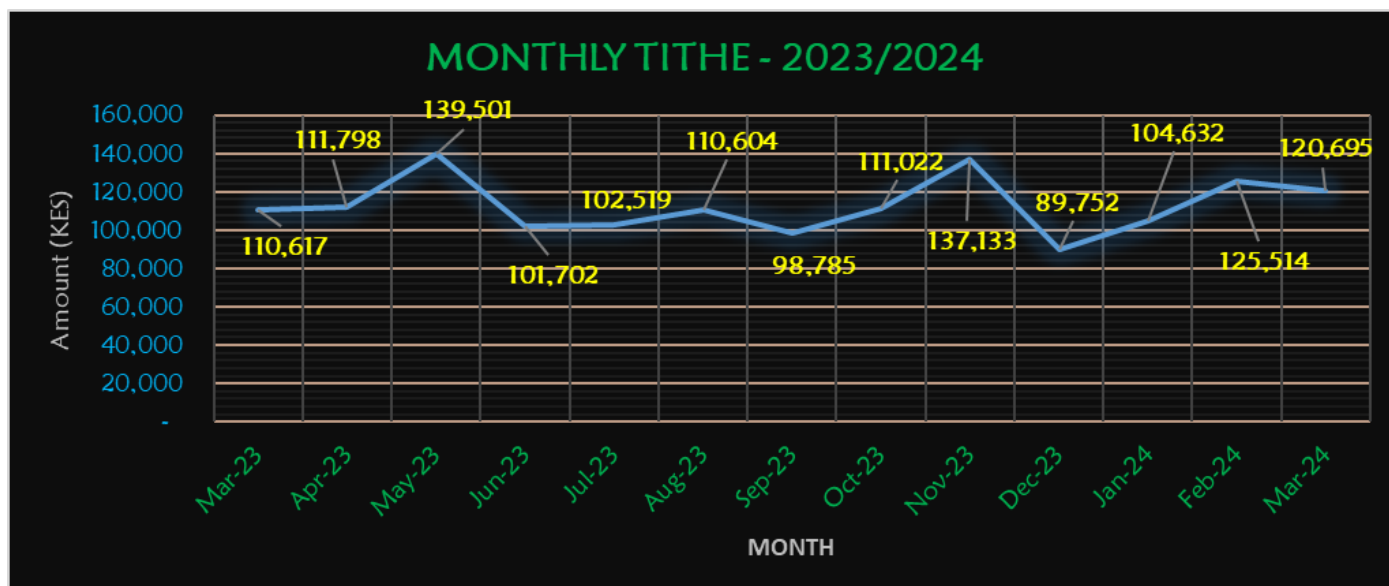

Our Sources of income over the year

The ministry invested 25% of the total income during the year in capital expenditures. With these investment, GOA churches have been built, GOA children homes infrastructure improved for the children, Staff working environment improved for better productive among many other major outcomes that will go a long way in impacting individuals and communities.

PROJECT	AMOUNT SPENT (KES)
Church Land	1,300,000
Motor Vehicle	3,898,800
Furniture	1,130,200
Computers	478,268
Buildings & Preliminary drawings	1,067,997
Boreholes	1,491,200
Cooking gas	160,000
Church construction	3,199,379
Kieni dormitory	10,577,500
Solar system	1,702,365
Equipment & Investments	10,656,495
Biological assets	230,000
Total	35,892,204

During the year the ministry made substantial capital investments in different projects that are spread across the GOA ministry areas. Some are already completed while some of the projects will be completed and dedicated in a few months to come during the current Fiscal year.

GOA SUSTAINABILITY EFFORTS

During the year our churches managed to remit a total of KES 1,353,657/. An average of 70 churches were consistent in remitting their tithes monthly. We received a monthly remittance of KES 112,805 which was below our monthly target of KES 150,000/. We keep praying for our congregations to grow further and support the ministry through their monthly tithes and other free will conations.

Financial stability and sustainability strategies envision a financial independent ministry with reduced donor dependency in its call to changing livelihoods especially those of the vulnerable and orphans amongst our communities. In order to continue making life-lasting impact the Ministry has laid out strategies that help mitigate risks that are associated with over reliance on donor funding. Currently the ministry has adopted several major projects that are key in making this dream become a reality

NAIVASHA GUEST HOUSE

This is a five star Guest house based in the High

tourism activity town. The facility will feature a conference center, executive guest rooms, conference halls, a restaurant, and a swimming pool. These amenities, combined with the growing tourism industry in Naivasha, are projected to generate annual revenue of KShs. 15,000,000.

NAIROBI BASED APARTMENTS

We are currently in the stages of finalizing drawings and ap-

provals. It is our prayer to start construction this year, trusting in God's provision of resources and guidance for this project. At this point we are seeking **5,000USD** to help us get the approvals through and be ready to start construction. The total cost of constructing this apartment is **200,000USD**. The apartment will have 10 units and is expected to generate **2,500USD** per month.

GITHABAI FARM IN KINAGOP

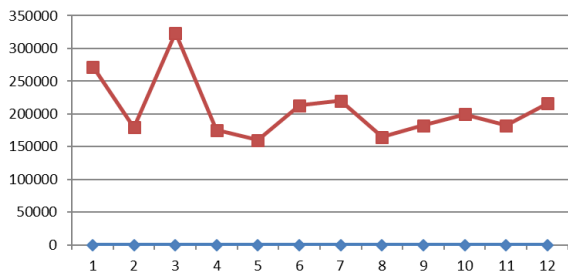

Githabai Farm is a mixed farm venture in Kinangop region. With a sure trust in investing in Agribusiness we are positive that this investment will yield results. We have planted vegetables, potatoes among other crops on the farm in addition to which we are currently in need of Kenya Shillings 500,000 to invest in sheep farming. Through the partnership with A Childs Hope International we have been able to sink a borehole that will provide water for the farming activities. There are greater partnership opportunities in investing in the farm for the future.

GOA SACCO

GOA SACCO is a sustainability strategy that seeks to empower the members of GOA financially. Through the collective savings that the members pool together they are in turn able to access credit facilities for the development projects, children education as well as emergency needs. With a total membership of 377 members the SACCO members put together Kes. 11.6 Million up from Kes. 8.4 in the previous year through their savings. Members are now able to save as low as Kes 50 towards their financially free future. Out of the amount of money saved, Kes. 3.72 Million was issued out as loans to members raising the SACCO loan book to Kes. 9.34 Million.

TRENDS IN MEMBER SAVINGS FOR THE LAST 12 MONTHS

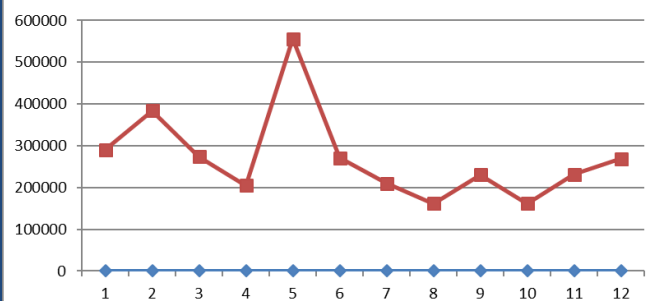

Savings

The consistent savings by the members over the year the members deposited an average of Kes. 264,000 that pooled together enough resources for their benefits from the credit facilities advances

Loans facilities

Through the loan repayment of the members the SACCO has remained afloat giving it more power to extend further credit facilities to member. In the year a total of Kes. 2.7 Million was paid back by the members who borrowed to invest in their businesses as well as take care of their other needs. We are glad to see GOA SACCO members growing financial muscles that enable them meet their needs as well as support other people in need.

LOAN REPAYMENTS FOR THE LAST 12 MONTHS

Our Days to come

We are conscious of the trends in the country and with a survey done by the Kenya National Chamber of Commerce, 76% of Kenyans showed optimism in expanding their businesses in the 2nd quarter of this year which is the 1st quarter of GOA's financial year. With this study we anticipate a growth in the credit uptake by the members. Our SACCO team has put measures to cushion the Institution from running into a cash crunch. Through credit facilities by the banks and other financial partners the SACCO will now access credit to extend such to its members. We are equally optimistic that the membership of the SACCO will grow tremendously with the number of members being empowered growing exponentially.
